Warriors of the 21st Century are professionals who volunteered to join the United States Armed Forces. They grew up in the shadow of September 11, 2001, a defining moment for most of them. Many have endured multiple deployments and most return home. Some do not.

“Remembering Our Fallen” was created to honor those who made the ultimate sacrifice in the Iraq and Afghanistan wars. Its legacy will be that these men and women will never be forgotten and that their names will be remembered and spoken.
