Service Priorities

"In passing the Older Americans Act (OAA), Congress intentionally did not create a stand-alone system; nor did it intend to cover all costs associated with serving every older American. Rather, OAA funds are to be used strategically to advance changes in our overall system of care and to fill gaps in services."

Lance Robertson, Administrator and Assistant Secretary for Aging, Administration for Community Living, before the U.S. Senate's Special Committee on Aging, May 8, 2019
